WELCOME IN ZURICH

Dear Participants,
Dear Sponsors,

It's a great pleasure and honor to welcome you to our congress "Smile & Around" of Swiss Society of Aesthetic Medicine and Swiss society of Aesthetic Surgery.

Each time, it is a big challenge organizing a scientific and innovative conference. We do our best to find interesting themes and current topics.

We are lucky to have our sponsors who offer us the latest technologies and products, speakers from all over the world who accept to share their experiences and colleagues who participate and want to improve their practice every day.

After three years of webinars, we can finally get together and communicate face to face, let's get advantage of this moments of sharing and discussions together.

This year we choose to talk about lips and perioral area treatment and high-definition liposuction because these two topics are very much in vogue.

The evolution of our society and the role of social medias has changed our practice, so we invite you to participate at the session "How to run a practice in 2023" to know more about it.

Our gala dinner on Friday evening at the Hotel Baur au Lac will be a great opportunity to network, make new connections and friends.

We hope to meet your expectations and wish you an excellent congress.

D' Violette Parzin Gribinski
President SSME

D' Michele Zanzi
President SWAESS
